Our newsletter focuses on issues relating to historical dialogue, historical and transitional justice, and public and social memory. More details about items in our newsletter (and more!) can be found on our [website](#).

Both our website and newsletter provide information and resources to encourage innovative interdisciplinary, transnational and comparative research. They are housed at the [Institute for the Study of Human Rights](#) at Columbia University, New York City.

AHDA alumna and Zochrot curator Debby Farber, played a key role in developing and organizing a recent exhibit at the Italian Academy at Columbia University. The Center for Palestine Studies, in partnership with the NGO Zochrot, and Forensic Architecture, organized a scholarly panel within the framework of the exhibition, [Ground Truth: Testimonies of Destruction and Return in the Naqab](#), which expands the discourse on the origins of the dispossession, expulsion, and displacement of the Palestinian Bedouins in the Negev/Al-Naqab, and in particular its historical background and legal aspects.
