Our newsletter focuses on issues relating to historical dialogue, historical and transitional justice, and public and social memory. More details about items in our newsletter (and more!) can be found on our [website](#).

Both our website and newsletter provide information and resources to encourage innovative interdisciplinary, transnational and comparative research. They are housed at the [Institute for the Study of Human Rights](#) at Columbia University, New York City.

We are delighted to be back online after the summer break! If you are working on a project in historical dialogue, or in related fields such as memory studies or transitional justice, and would like to share your work in the form of a blog or short essay, please send it to us at dialogues@columbia.edu!
